

Pleasant News as of December 11, 2018

We have just found out that the recent surgery was worth doing. The markers for cancer have fallen to near zero for the first time in nearly four years! For the next while we will test periodically and if something new develops, deal with that then.

Mary and I would like to take this opportunity to once again thank everyone for all the caring support that has been given and gratefully received.

with love and warm good wishes

Tarchin
